WORK EXPERIENCE

Oct 2022 - Feb 2024 — Front End Developer
Shivam Medisoft Services pvt ltd

At Shivam Medisoft Services , I am working on a project called neosoft in the hospital domain. My role as a Front-End Developer involves designing the UI for the website using technologies such as react js, mui graph, Bootstrap, CSS, and HTML. I am responsible for creating responsive, user-attractive designs based on Figma, creating graphs, and fetching data from APIs , with the backend being developed in java and the database using MySQL Server. For task management, we use Jira, and GitHub is used for version control.

Feb 2024 - Aug 2024 — Front end Developer
